## The Rudiments of English Grammar: Adapted to the Use of Schools; with Notes and Observations, for the Use of Those Who Have Made Some Proficiency in the Language (Paperback)

By Joseph Priestley

Cambridge Library Collection, United Kingdom, 2013. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The English polymath Joseph Priestley (1733-1804) defined grammar as nothing more complicated than a system of rules for the correct use of language. This enlarged second edition of his influential 1761 textbook first appeared in 1769; it had by then established him as one of the major grammarians of his age. With little patience for the confusing and superfluous application of Latin rules to English, Priestley champions a simple style of grammatical explanation here, questioning even such fundamental concepts as an English future tense. The text follows a clear question-and-answer structure designed for students. Priestley's determination to modernise the teaching of English and to promote usage as the crucial linguistic standard remain relevant today. A companion work, *A Course of Lectures on the Theory of Language and Universal Grammar* (1762), is also reissued in this series, along with other works by Priestley ranging in coverage from oratory to oxygen.

### Reviews

*Absolutely among the best book We have ever study. It is actually writter in easy words instead of hard to understand. I found out this publication from my i and dad encouraged this book to find out.*

-- **Kristina Rippin**

*This ebook is great. I am quite late in start reading this one, but better then never. I am just easily will get a satisfaction of reading through a composed pdf.*

-- **Brendan Doyle**
