Xlibris, Corp. Paperback. Book Condition: New. Paperback. 122 pages. Dimensions: 9.0in. x 6.0in. x 0.3in. I am an 84 year old man with a great deal of history in my background. I left high school in tenth grade to sail on merchant ships during WW II. I worked my way through the engineering department from Fireman to Third Engineer. My brother was probably the youngest commander in the U. S. Merchant Marine. He was my mentor. After the war ended I went back to high school and on to teachers college where I received my B. S. in Education with a major in mathematics. I taught math for one year before taking a job at a major aerospace company. I attended Drexel Institute of Technology for three years. I accepted an engineering position at a major California Aerospace company. I then transferred my credit to San Diego State University where I got my B. S. in Mechanical Engineering. I have spent over forty years in aerospace industry some of the programs I worked on are the Atlas Missile Systems, Apollo Life Support System and numerous SpaceSatellite Systems that were important to the defense of our country. In my later years after retirement I was called back to work various problems on many contracts in the aerospace companies. I discuss some of these projects in this book to encourage our young people to take up the technical challenges of today. American can remain strong with the will and dedication of our young people. Finally I decided to write this book to provide the background and understanding of the American culture. As you read the chapters of this book you will be reading about life in America in the past from 1929 and the present from 1929 to 2010. This book follows the story of...
