It is very cold in that northern country, yet the presence of volcanoes there and the lava that spreads over much of the country tell the story that ages ago the island was slowly built up from the lava that flowed from volcanoes rising up out of the bed of the ocean. However that may be, the boys and girls of Iceland are happy little people who laugh and sing, dance and play as merrily as children who live where the sun shines all the year round and the seasons chase each other so rapidly that Mother Nature is constantly preparing new delights for them. Away back in the ninth century a great chief called Nadodd left Europe in search of adventure. When he had sailed for a long time he came in sight of a land covered with snow. It seemed a cold, bleak place, but he landed, nevertheless, and gave the country the name of Snowland.
