

## Dandy Decimals (Paperback)

By Lisa Arias

Rourke Educational Media, United States, 2014. Paperback. Book Condition: New. 254 x 178 mm. Language: English Brand New Book. Decimals have never been more fun to learn about than in this rhyming text with step-by-step shortcuts on mastering how to add, subtract, multiply, and divide decimals. Place value, digits, multiplying by powers of ten, models, and practice exercises, all with color-coded answer keys are just a fraction of what will help students learn just how dandy decimals can be! This book will allow students to add, subtract, multiply, and divide decimals to hundredths, using concrete models or drawings and strategies based on place value, properties of operations, and/or the relationship between addition and subtraction.

### Reviews

*A whole new eBook with a brand new perspective. it was actually written quite completely and useful. I found out this ebook from my dad and i recommended this ebook to discover.*

-- Dr. Wyatt Morissette

*Thorough guide for pdf fanatics. We have read through and i also am confident that i will gonna read once more once more later on. You wont sense monotony at whenever you want of your own time (that's what catalogues are for concerning in the event you request me).*

-- Davon Senger
