Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Tables for Qualitative Chemical Analysis: Arranged for the Use of Students It is, of course, not necessary for every student to work through the reactions for all the substances given in these tables; typical ones can be selected according to circumstances, e.g. the medical student need not necessarily work through the reactions of rare earths. Theory or Qualitative Analysis. - It is assumed that the student will be taught the principles of analysis and how to use these tables, and that he will not be left to struggle through them unaided; it is for this reason and because the book is intended for bench use that equations and the usual more or less lengthy explanations are omitted. The directions are made as brief as possible, for students when engaged in practical work have usually neither the time nor the inclination to wade through more or less lengthy descriptions of the methods of procedure. In this laboratory the principal explanations are given in the form of leurettes and demonstrations of fifteen or twenty minutes before the practical exercises; the class also meets once a week for one hour s tutorial instruction in the theory of qualitative analysis, chemical equations, calculations and similar matters, and there is a written examination upon the work at the end of the term, as well as practical and theoretical examinations at the end of the year. Weighing and Measuring. - By requiring the student to work throughout with weighed or measured quantities, it is necessary that he should be shown, unless he is already familiar with them, how to use the balance, burette, measuring flasks and pipettes; the small amount of...
