Its protagonist, Karim, takes the reader on his riveting journey to discover and explain life of the seventies in and around London. The author masterfully depicts the multiple cultural facets this time had to offer and creates a plot replete with stories of ethnicity, class and gender. However, one element seems to be of peculiar importance in its reoccurring implementation within the story music. This paper is intended to examine the element of music and attempts to determine the role it plays within the world Kureishi illustrates. In order to fully grasp the element of music within the book it will be necessary to have a wider look on the phenomenon first. How can music in a most general sense be described and what makes it such a meaningful subject matter for scientists of linguistics, philosophy and anthropology? In a second step the paper will try to find reasons why Kureishi might have decided to use this motif at such length and what messages he tries to bring across. However, the major part of the paper will, of course, be dealing with the novel: What are the major themes that are related to music? In how far is music affiliated with the broad spectrum of culture that Kureishi draws in his book? What subcultures can be detected and to what extent are they influenced by music? The single most intriguing aspect connected to this issue...
