## CHINA'S URBAN DEVELOPMENT

To read **China's Urban Development** eBook, make sure you follow the hyperlink listed below and save the document or gain access to other information that are highly relevant to CHINA'S URBAN DEVELOPMENT ebook.

Paperback. Book Condition: New. Not Signed; Since 2002 the United Nations Development Programme has been running 'City Planning, Management and Development in the 21st Century' across China, a project that focuses on five pilot cities (Guizhou, Taiyuan, Liuzhou, Meishan and Sanmenxia) to help analysis urban development trends and problems across Chinas as it undertakes rapid urbanisation. This detailed and authoritative report outlines the key findings from this research project which was led by Shao Yisheng, Vice President and Professor from China Academy of Urban Planning & Design. Whilst fully acknowledging the great achievements and spectacular levels of development, the purpose of this report is to outline the faults and contradictions that have proved central to China's accelerated urbanisation. These have been gathered into seven subject sections within the report: natural resources; living environment; image projects (prestige or 'showy' construction projects); public safety; social stratification; public finance; public policies. An in-depth analysis of these problem areas and their origins is supplied by the leading members of the research team. In addition, the authors propose solutions to each problem utilising innovative concepts, systems, policies, planning systems and management techniques. China's Urban Development: Critiques and Observations offers truly unique and distinctive views on China's urban changes, both positive and negative. It will prove extremely interesting to professionals, academics and students involved in urban development and planning outside of China, plus experts engaged in the urban economy, engineering, construction, urban sociology and political science. The key editors and contributors are Shao Yisheng, Vice President and Professor from China Academy of Urban Planning & Design, plus Shi Nan, Secretary General and Professor from Urban Planning Society of China. Additional contributors include senior academics from the Department for Industry, Transportation & Trade, Research Office of the State Council, and the Chinese Academy of Social Sciences. book.
