It does not compromise but has to be taken the way it is: rugged, hot and dry. Still, there are people who chose to rather come to terms with all the difficulties of living in such a rough place, than moving to the comfort of the city. This paper aims to show how some of these difficulties, being education problems, insufficient healthcare and loneliness, are overcome, and why there are people who still prefer this lifestyle over the easier way of living in the city. 16 pp. Englisch.
