CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 134 pages. Dimensions: 11.0in. x 8.5in. x 0.3in. Never previously successfully performed, Prophetic Letters investigates support for the Pre-Wrath Rapture using simple mathematical correlations referencing the book of Daniel. The interpretative method fully explained includes eleven graphic charts and a summary table. Evidence supports actual dates of completed major biblical events identifying the number of days between their occurrences. The evidence mathematically proves the Scriptures to those with doubt, and provides the believer with evidence for the truth of the Bible to prove to others. Prophetic Letters finds support for Pre-Wrath, and noticeably refines that presented by Marvin Rosenthal and Robert Van Kampen. It strengthens the entire case. To say the ideas presented are new is an understatement, and I believe you will be convinced, and astounded in the detail and simplicity used to prove the arguments. Written to the Christian to challenge and refine their understanding of the biblical end times, and to the non-Christian to challenge their refusal to turn to God. Prophetic Letters begins with the journey of the author as he searched for an appropriate, and believable, understanding of the biblical end times. After decades of frustration of the fault exhibited in Pre-Tribulation, he began a study to resolve with proof this personal dilemma. With over ten years of thought and study, this book is that result. Dyuran provides a list of guidelines used for this prophetic study, some which are obvious, and some that will absolutely change how you will ever study Bible prophecy again. Using these guidelines, he then investigates each chapter of Daniel with a new look at the shabua (termed weeks in the KJV of Daniel) and reveals some astounding results. His investigation of shabua units, some that are different from...
